The vineyards are situated in La Rioja Alta, at an altitude of 600m where the mild Atlantic climate prevails. The grapes were selected from three young parcels of Garnacha vines, with an average age of 17 years. Soils are mainly ferrous clay with a well-balanced structure. Slightly alkaline, with poor organic content and moderate water availability.

**VITICULTURE:** \_\_\_\_\_

Viticulture is non-certified organic.

**WINEMAKING:** \_\_\_\_\_

In keeping with the *Cordovin* style, wine is made exclusively with the free-run must and undergoes a short period of skin-contact to ensure delicate colour. Temperatures are kept extra cool during fermentation and wine is stored in temperature controlled stainless steel tanks and bottled to order.

**This wine is not suitable for vegans and vegetarians.**

**TASTING NOTES:** \_\_\_\_\_

An appealing bouquet of wild strawberries, with hints spice and flora followed by a fresh and delicate mouthfeel.
