

# LUIS PÉREZ – LA BARAJUELA DOS PALMAS

Andalucía

**APPELLATION:** Jerez

**BLEND:** Palomino Fino

**WINEMAKERS:** Willy Perez

**VINEYARD:** \_\_\_\_\_

Grapes are sourced from Pago Carralscal between Almocadén and Macharnudo Alto, 20km away from the Atlantic ocean. Grapes have been grown on the site since 1414. Current plantings are 45 years old bush trained Palomino vines plus some Pedro Ximénez and Tintilla de Rota. Soils are the Barajuela type of albariza with layers of marl running through like a deck of cards, it's able to absorb water to sustain the vines through the baking summers.

**VITICULTURE:** \_\_\_\_\_

Converting to organic and will be certified by 2020.

**WINEMAKING:** \_\_\_\_\_

Grapes are handpicked and dried in the sun for 6-7 hours, a process called asoleo. Grapes are pressed in a basket press with the must output limited to 35%. The juice is transferred directly to American oak casks, without any racking where it ferments until December. The wines are racked off the lees in February and then classified (as Fino or Oloroso). Casks are filled almost to the top to limit the formation of flor yeast and emphasising primary aromas, casks are monitored throughout the five year biological ageing process to keep a constant yeast layer. Bottled after a light filtration.

**This wine is suitable for vegans and vegetarians.**

## TASTING NOTES:

After 5 years aging under flor this has very classic salty, savoury flavours plus ripe fruits and a toastiness on the nose. Intense and concentrated in the mouth with a long saline finish.
